Way to Enlighten Bioinformatics...

Dated: Nov 25, 2011

SUB: Invitation for Dissertation / Summer Training Program at Bio-IT Serve Technologies Pvt. Ltd, New Delhi

Dear Sir / Ma'am

Warm greeting from Training and Placement Cell, Bio-IT Serve Technologies Pvt. Ltd., New Delhi

Bio-IT Serve is a leading bioinformatics company offering training in bioinformatics, software development and services to government agencies, pharmaceutical and biotechnology companies and academia across the globe. Bio-IT Serve is a research-driven, global bioinformatics company with a strong matrix of capabilities along the information technology value chain.

Bio-IT Serve is the allied partner of Piexsys Technologies Pvt. Ltd., New Delhi which is one of the leading groups in information technology started in 2009. It has well organized infrastructure and provides well formulated standard education in the field of Information Technology.

We are pleased to inform you that we are going to start dissertation and summer training program in the field of Bioinformatics w.e.f. Jan 7, 2012. Bioinformatics training program will cover all the area's related to Genomics, Proteomics, Development of Biological Database and Tools, Microarray, NGS Data Analysis, Molecular Docking and Simulation in the field of Medical, Agriculture and Biotechnology. Students have freedom to choose their subject of interest.

Please have a look on training brochure attached here, which will provide an overall insight and other requisite information. Feel free to contact us on any clarification.

We look forward to welcome you for the learning program.

Regards,
Bio-IT Serve Team
