

Bio-IT Serve Technologies Private Limited conducts functional training programs in the field of Bioinformatics. The training programs are divided into the following segments:

DISSERTATION & PROJECT WORK

Duration: 6 Months

Objective: Provide diversified and advanced practical knowledge cum experience to participants for their functional skill set development, which will enable them to successfully serve various biotechnological, micro-biological, agricultural, medical and bioinformatics industries worldwide.

Who Should Attend: Students of Life Sciences, Microbiology, Biochemistry, Biotechnology, Pharmacy, Genetics, Plant Science, Nanotechnology, Biomedical Technology, Bioinformatics, Computer Science and Information Technology

Training Fee: ₹ 17,900 + 10.3% Tax

Location: Bio-IT Serve Technologies Pvt. Ltd., New Delhi

INTERNSHIP TRAINING PROGRAMS

Duration: 3 Months

Objective: Provide diversified and advanced practical knowledge cum experience to participants for their functional skill set development, which will enable them to successfully serve various biotechnological, micro-biological, agricultural, medical and bioinformatics industries worldwide.

Who Should Attend: Students of Life Sciences, Microbiology, Biochemistry, Biotechnology, Pharmacy, Genetics, Plant Science, Nanotechnology, Biomedical Technology, Bioinformatics, Computer Science and Information Technology

Training Fee: ₹ 8,900 + 10.3% Tax

Location: Bio-IT Serve Technologies Pvt. Ltd., New Delhi

SUMMER TRAINING PROGRAMS

Duration: 1-2 Months

Objective: Provide diversified and advanced practical knowledge cum experience to participants for their functional skill set development, which will enable them to successfully serve various biotechnological, micro-biological, agricultural, medical and bioinformatics industries worldwide.

Who Should Attend: Students of Life Sciences, Microbiology, Biochemistry, Biotechnology, Pharmacy, Genetics, Plant Science, Nanotechnology, Biomedical Technology, Bioinformatics, Computer Science and Information Technology

Training Fee: ₹ 5,900 + 10.3% Tax

Location: Bio-IT Serve Technologies Pvt. Ltd., New Delhi

SELECTED RESEARCH AREAS FOR DISSERTATION AND TRAINING PROGRAM

- Molecular Modeling
 - Molecular Docking and Simulation
 - Pathway Simulation
 - Microarray Data Analysis
 - Pharmacogenomics
 - Transgenic Development
 - Agriculture Bioinformatics
 - Functional Characterization of Genes
 - Genome-wide Identification of Genes
 - miRNA and their Target Identification
 - Drug Target Identification
 - Evolutionary Relationship
 - Structure Prediction
 - Statics Package like MetLab and R
 - Human Disease
 - Functional Genomics
 - High Throughput Data Analysis
 - *In-silico* Primer Designing
 - Transcription Factors
 - Homologues Finding
 - Gene Hunting
 - Drug Discovery
-

Bio-IT Serve Technologies Pvt. Ltd.

Allied Partner of

Piexsys Technologies Pvt. Ltd.

101, Garg Tower, Netaji Subhash Place,
Pitampura, New Delhi-110034
